An Essential Part of Your Infertility Treatment

Research has confirmed that participating in adjunctive health treatments will improve your chances of getting pregnant.

The following sessions are open to patients with primary infertility, meaning you do not have any children.

Group Meeting will be:

December 12th 2011
5:30 to 6:45pm

Topics:

- An Overview of Mind/Body Health and Why It Helps
- Relaxation Techniques
- Strategies for Riding the Emotional and Physical Rollercoaster of Infertility

Location:

- 271 W. County Line Road
Littleton, Colorado 80129
- All Sessions start at 5:30 pm

Please call or email Cory to reserve your place!
